

Acrylic Sign Display

Model#: CAD-TT series

These acrylic sign holder can be used in restaurants, cafes, bars, trade shows, meeting, presentations, retail shops, hair salons, etc. Made out of high-quality acrylic. Posters can be inserted back to back for easy viewing. T-shape base securely holds the sign on the table. It is easy to change out inserts and wipe clean. Made of easy-to-clean acrylics, they provide a clear view of your flyer, photo or other advertising material. The sign holder is small enough to move around easily so information goes where you need it.
