

Wall Mount Banner Bracket

Model#: CFS-WM-24

Wall mounted banner brackets with either vinyl or fabric banners are a great addition to any business. Whether you're introducing a new product or offering a special promotion, banners mounted on wall mounted banner brackets provide a very cost effective solution for flexible signage. By installing a wall mounted banner bracket and replacing the banners, you can grab the attention of potential customers. The ball ends and simple lines of the brackets have a contemporary feel, and the system is made from durable welded steel finished with a black powder coating for weather resistance.

Product Features:

- Made out of steel
- Powder coated Black
- Fits 24" wide banner
- 1 1/4" diameter pole
- Ideal for exterior graphics on buildings
