

Outdoor Snap Frame

Model#: CPF300 series

This outdoor snap frame is great for use outside of businesses with its locking mechanism. They provide security and peace of mind.

Manufactured in anodized aluminium, they clip open from the front allowing you to change your posters easily and efficiently without removing the frame from the wall. The fixings are hidden behind the frame when it is attached, and the frames come complete with fixings. The poster is protected by a sheet of UV grade anti-glare clear overlay. The snap frame isn't water proof. If using paper poster, lamination is recommended. Each silver snap frame is made to hold (1) 24 x 36" poster.

Product Features:

- Anodized silver frame
- 32mm aluminum frame
- Aluminum back panel
- Anti glare clear overlay
- Sequential one point security locking mechanism
- Available with or without locking mechanism
