

Sign Holder Stand

Model#: CPS-RS-2228

22" x 28" sign holder stand is constructed of steel with powder coated matte black finish. It displays a 22" wide x 28" high poster at eye-level to attract passersby and is open on both sides for maximum exposure. The top-insert slot on the metal frame is 3/8" deep and is designed for quick graphic changes. The sign is held in place by grooves in the frame and graphics can be installed with no tools or hardware required. It has 4 rubber feet at the base to stabilize the stand. The Standing A Standing Poster Frame is an economical tool to advertise your promotions, events, or specials to your regular and potential customers.

Product Features:

- Double sided
- Indoor & sheltered outdoor
- Accepts a 22"x28" sign poster
- 4 rubber feet at the bottom
- Light weight yet stable
