

Economy X-Stand

Model#: CXS300 series

This X-stand is our least expensive banner stand option. We name it X-stands because when set up, the banner stand frame looks like the letter "X". This X-stand is extremely lightweight and simple with a reputation for being the best inexpensive banner stands. There are 4 fiberglass poles that reach from a center hub to the 4 corners of the banner and hook through grommets to hold the banner under tension. The tips on the bottom two poles sit on the ground and a rear folding leg balances the banner like a tripod. The Economy X-stand comes in two sizes: 24" x 62" & 28" x 72". Both models come with a lightweight nylon carry bag.

Product Features:

- Indoor use
- #2 grommets (3/8") to secure graphics
- Easy to transport
- Nylon carrying bag included
- Lightweight yet stable
- Quick to assemble
- Available sizes: 24" x 64" & 28" x 72"
