

Tabletop X - Banner Stand

Model#:CX5500

The tabletop X banner stand is a lightweight, compact desktop banner stand capable of supporting 11" x 15" poster. The framework for the X banner stand is very lightweight and collapses down small enough to be transported by hand. The graphics for the stand is finished with holes in the corners that the framework fits through in order to tension the print on the framework itself. The X banner stand is ideal for travelling sales promotions, conferences and events where small format, yet professional point of purchase displays are required. They are mini versions of X-banner stands which stand on the floor however the desktop version offers a stylish and transportable solution. Available in various colors.
