- Weight a mere 3lbs
- 1-year manufacturer warranty
- Flags are available in 3 different shapes

Backpack flags are hands-free, lightweight, and portable. If you are looking to catch attention at the next festival, event or even on the streets, the backpack flags also known as human flags are raised much higher than the average person's height therefore commanding attention. The custom-printed flags can be printed single or double-sided. We recommend double-sided to avoid a mirrored image on the other side of the flags. Backpack and flags are replaceable. The backpack itself is one size fits all, with adjustable straps, high-quality fibreglass poles, and a single or double-sided flag. Our flags are 100% polyester and full color dye sublimated.
