These acrylic sign holders can be used in restaurants, cafes, bars, trade shows, meetings, presentations, retail shops, hair salons, and so on and are made out of high-quality acrylic. Posters can be inserted back to back for easy viewing. The poster holder frame has a wide, durable "T-base" that allows it to stand up without any additional support. It is easy to change out inserts and wipe clean. Made of easy-to-clean acrylics, the acrylic poster stands to provide a clear view of the signage, photo, or other advertising material. The sign holder is small enough to move around easily so the information goes where you need it. Available in 8.5" x 11" and 11" x 17".
