Vantex™
"Display & Graphic Solutions"

Model#: CCT series

Product Features:

- Aluminum hexagon frame
- 16 gauge aluminum
- Quick release pin
- Trolley bag
- Fire retardant fabric (CAN/ULC S109-14)
- Variety of sizes
- Height adjustable
- 1-year manufacturer warranty

The canopy tents are made out of heavy duty commercial grade corrosion resistant and fully anodized 1.57" diameter aluminum frames. We offer 5ft x 5ft, 6.5ft x 6.5ft, 10ft x 10ft, 10ft x 15ft & 10ft x 20ft sizes. The canopy and walls are made of 500 denier coated polyester fabric that meets CAN/ULC S109-14 fire safety standards. Each tent comes with a trolley bag. The walls can be either single sided or double sided. Full walls, half walls, full walls with clear PVC windows, and full wall with zippers in the middle are also available. We use heat transferred dye sublimation printing process for vivid color effect. Weights, gutters, multi-tent connectors, ground pegs, and flag pole holder kits are also available.
