

FABRIC A FRAMES

Vantex™
"Display & Graphic Solutions"

Model#: CFS-A series

Product Features:

- Impact-resistant & sideline safe
- High quality polyester fabric
- Heat transferred dye sublimation printing
- Comes with a carrying bag & pegs
- Suitable for both indoor and outdoor
- Images on both sides for better exposure
- Sets up and folds down in seconds
- 1-year manufacturer warranty on the frame

The lightweight frame untwists from its stored position and jumps into a smooth, fantastic-looking fabric display banner. Once popped up, any creases in the fabric disappear as they are held under tension by the frame. The folding frame also makes them safe to use on sports fields since they present no risk of injury to the players. We offer complete packages, including printing. The fabrics are 100% polyester and dye sublimated. Fabric A-frame signs are available in 3 different sizes. A carrying bag and ground pegs are included.
