- 1-year manufacturer warranty

The Aluminum L-shape banner stand is light, portable, and stable. The L Stand is one of our most popular banner stands for its minimalist design. Snap aluminum top and bottom bars enable you to replace the banner without tools or adhesive. Aluminum bars eliminate adhesives, tapes, or pockets by firmly gripping the banner in place, meaning this can last longer than basic retractable banner stands. Multiple stands can be placed side by side to create wide banners. Perfect for retail, point of purchase, and trade shows. Comes with a durable carrying bag. This banner stand is available in three sizes: 23.5" x 64", 31.5" x 72", and 35.5" x 79".
