## Product Features:

- Suitable for indoor and outdoor
- Easy graphic installation with screws
- Durable plastic base
- Accepts water or sand
- Built-in handle
- Portable yet stable
- 1-year manufacturer warranty
- Only available in black color

This free standing outdoor sign stand is designed to handle the rough weather that is part and parcel of displaying in public areas. It features a hollow rotationally molded plastic base that is not only durable but can also be filled with either water or sand to provide stability and ensure your portable sign isn't toppled in winds and rain. It can hold rigid signs up to 1/4" thick. It can be used to hold a smaller graphic or as many as you need to hold a large graphic. Each built-in handle makes moving to other locations easily. This outdoor sign stand can be placed outside of hotels, restaurants and retail location. Also suitable for indoor use too. This sign stand boasts a professional, modern, and sleek design that offers exceptional durability.
