- Suitable for indoor and outdoor
- Accepts two 24"x34" inserts
- Two clear overlay sheets
- Built-in wheels and handle
- Heavy duty spring system
- Water or sand fillable
- 1-year manufacturer warranty

Weather resistant double sided outdoor poster stand. It can also be used indoors. The base can be filled with either water or sand to be anchored down on the street. If you are looking for a minor wind-tolerant outdoor sign stand, this is the perfect choice. Passing pedestrian traffic from either direction can't help but notice this smart outdoor poster stand. The dual spring design flexes to help withstand wind gusts. You can replace this banner to create fresh signage as often as you like. Comes with snap frames on both sides, built-in wheels, and a handle for easy mobility. The snap frame isn't waterproof so using a paper poster with lamination or vinyl is recommended. Not designed for corrugated plastic signs (coroplast).
