

# POSTER STANDS

**Vantex**™  
"Display & Graphic Solutions"

**Model#: CPS-RS-2228**

## Product Features:

- Viewable from both sides
- Holds a 22" x 28" rigid poster
- 4 rubber feet at the bottom
- Black powder coated
- Easy assembly
- Steel construction
- 1-year manufacturer warranty
- Available in black color only

The 22" x 28" sign holder stand is constructed of steel with powder coated matte black finish. It displays a 22" wide x 28" high poster at eye level to attract passersby and is open on both sides for maximum exposure. The top-insert slot on the metal frame is 3/8" deep and is designed for quick poster changes. The sign is held in place by grooves in the frame and the poster can be installed with no tools or hardware required. It has 4 rubber feet at the bottom to stabilize the stand. It is an economical tool to advertise your promotions, events, and specials to your regular and potential customers. The simple design and setup of this floor-standing fixture make it a best-selling product. Recommend for indoor use only.
