The free-standing aluminum tabletop sign holder features a sturdy base. The sleek tabletop sign holder holds a rigid sign that is 4 mm to 5 mm thick. The tabletop sign holder is ideal for retail POS, presentations, meetings, trade shows, exhibitions, schools, and so on. They are ideal for holding custom made panels or rigid boards that are 4mm to 5mm thick. Simply slide the poster into the channel of the sign holder and let the message display. The sign holder is lightweight yet stable. We offer 3 different sizes: 8.5", 11" & 24". The sign holder can be used individually or in pairs to support wider signs. Recommended for indoor use only. Only available in black color.
